

Hello Friend,

At CAA we greatly miss having the opportunity to connect face-to-face with people in the community. These connections are how we inform clients about services available to them. We also miss having our doors open for other organizations in the community to share their resources with families coming into our building seeking assistance.

We have been working to let our clients know the importance of completing their [2020 US Census](#). Although we have not been able to help individuals complete the Census at our office as we had planned, we have been able to work with the Census to set up kiosks at our Pop-up Food Pantries, especially in areas that have been identified as having a low response rate. Now that the 2020 US Census has been extended, there is more time to reach out to the families in our area to ensure they are counted. I am encouraging you to fill out the Census and to reach out to your network to ask them to do the same.

We know these are difficult times, but we also know that we have to continue to work to meet people where they are. Thank you for your support!

Best regards,

Mark B. Lawson, Esq.  
President/ CEO

### Everybody Counts

As we continue to practice social distancing, now would be a great time to go online to complete the #2020Census from the comfort of your home. The data gathered is critical to how communities are seen, heard, and funded. For every person not counted, Hamilton County loses \$1,814 in federal funding annually.

Visit [2020census.gov](https://2020census.gov) or call 1-844-330-2020 to complete your census today.
